1 **SEC. 228. POLICIES FOR MANAGEMENT AND CERTIFI-**  
2 **CATION OF LINK 16 MILITARY TACTICAL**  
3 **DATA LINK NETWORK.**

4 (a) **POLICIES REQUIRED.**—The Secretary of Defense  
5 shall develop and implement policies to adapt Link 16 sys-  
6 tem management and certification to align with agile de-  
7 velopment practices.

8 (b) **ELEMENTS.**—The policies required by subsection  
9 (a) shall include the following:

10 (1) A standardized process through a Chair-  
11 man, Joint Chiefs of Staff Manual, to allow Link 16  
12 frequency use within approved special use airspaces  
13 for the purpose of testing radio systems and associ-  
14 ated software that have not completed electro-  
15 magnetic compatibility features certification. Such  
16 process—

17 (A) shall, at a minimum, ensure routine  
18 and continued approval for test operations of  
19 developmental systems in the Nevada Test and  
20 Training Range, Restricted Area 2508, Warn-  
21 ing Area 151/470, Warning Area 386, and the  
22 Joint Pacific Alaska Range Complex; and

23 (B) may incorporate standardized mitiga-  
24 tions that enable routine approval including ef-  
25 fective radiated power settings and coordination  
26 for rapid test termination.

1           (2) Processes to streamline approval or denial  
2 of temporary frequency assignment for Link 16 op-  
3 erations to not more than 15 days for test, training,  
4 and large-scale exercises. In developing such proc-  
5 esses, the Secretary of Defense—

6           (A) shall ensure that the processes cover  
7 operations in excess of uncoordinated oper-  
8 ations time slot duty factor limits, inclusion of  
9 foreign participants, and participation of non-  
10 stage 4 approved terminals or platforms; and

11           (B) consider delegating sole authority for  
12 temporary frequency assignment to the Depart-  
13 ment of Defense and the automation of deci-  
14 sion-making processes relating to such assign-  
15 ments.

16           (3) Delegation of authority to the system man-  
17 ager for Link 16 to determine when new software  
18 within Department of Defense Link 16 terminals af-  
19 fects electromagnetic compatibility features and re-  
20 quires recertification.

21           (4) The self-certification by the Department of  
22 Defense of the compliance of the Department's ra-  
23 dios with electromagnetic compatibility features.

24           (5) Processes to internally manage Link 16 un-  
25 coordinated operations that enable approval for test,

1 training, and exercises that does not exceed 15 days  
2 for systems holding an active radio frequency au-  
3 thorization or temporary frequency assignment.

5 180 days after the date of the enactment of this Act, the  
6 Secretary of Defense shall provide to the congressional de-  
7 fense committees—

8 (1) a briefing on the policies developed under  
9 subsection (a), along with a timeline for implementa-  
10 tion of such policies; and

11 (2) a list of such additional resources or au-  
12 thorities as the Secretary determines may be re-  
13 quired to implement such policies.

14 (d) TESTING REQUIRED.—

15 (1) IN GENERAL.—In conjunction with the de-  
16 velopment of the policies required under subsection  
17 (a), the Secretary of Defense shall conduct, sponsor,  
18 or review testing and analysis that determines if any  
19 effects on air traffic systems are possible due to  
20 Link 16 terminals which have not completed electro-  
21 magnetic compatibility features certification and  
22 quantifies any such effects. Such testing shall evalu-  
23 ate Link 16 transmission within plus or minus 7  
24 megahertz of the 1030 and 1090 megahertz fre-  
25 quency bands to determine if effects on air traffic

1 systems are possible, under what conditions such ef-  
2 fects could occur, and the impact of such effects.

4 the date of the enactment of this Act, the Secretary  
5 of Defense shall submit to the congressional defense  
6 committees a report on the results of the testing  
7 conducted under paragraph (1), with an emphasis  
8 on procedures that the Secretary intends to imple-  
9 ment to negate harmful effects on air traffic from  
10 the use of Link 16 terminals or platforms that have  
11 not completed electromagnetic compatibility features  
12 certification, within special use airspace.

14 delayed until the next submission of the budget of  
15 the President (under section 1105(a) of title 31,  
16 United States Code) without harming the national  
17 defense.

18           (3) Funding is identified for the effort in the  
19 current fiscal year to initiate the activity.

20           (4) An appropriate acquisition pathway and

10 **“§ 20251. Special selection boards; correction of er-**  
11 **rors**

12 “(a) PERSONS NOT CONSIDERED BY PROMOTION  
13 BOARD BECAUSE OF ADMINISTRATIVE ERROR.—

14 “(1) CONVENING OF BOARD.—In the case of an  
15 officer or former officer who the Secretary of the Air  
16 Force determines was not considered for selection  
17 for promotion by a selection board convened under  
18 section 20211 of this title because of administrative  
19 error, the Secretary shall convene a special selection  
20 board under this subsection to determine whether  
21 that officer or former officer should be recommended  
22 for promotion.

23 “(2) BOARD COMPOSITION; OATH.—Any such  
24 board shall be convened under regulations prescribed  
25 by the Secretary of Defense and shall be appointed

1 and composed in accordance with section 20212 of  
2 this title and shall include the representation of com-  
3 petitive categories required by that section. The  
4 members of a board convened under this subsection  
5 shall be required to take an oath in the same man-  
6 ner as prescribed in section 14103 of this title.

7 “(3) RECORD CONSIDERED BY BOARD.—A spe-  
8 cial selection board convened under paragraph (1)  
9 shall consider the record of the officer or former of-  
10 ficer as that record would have appeared to the se-  
11 lection board that should have considered the officer  
12 or former officer. That record shall be compared  
13 with a sampling of the records of those officers of  
14 the same grade and competitive category who were  
15 recommended for promotion, and those officers of  
16 the same grade and competitive category who were  
17 not recommended for promotion, by that board.

18 “(4) EFFECT.—If a special selection board con-  
19 vened under paragraph (1) does not recommend for  
20 promotion an officer or former officer in a grade  
21 below the grade of colonel whose name was referred  
22 to it for consideration, the officer or former officer  
23 shall be considered to have failed of selection for  
24 promotion.

1       “(b) OFFICERS CONSIDERED BUT NOT SELECTED;  
2 MATERIAL ERROR.—

3               “(1) CONVENING OF BOARD.—In the case of an  
4 officer or former officer who was eligible for pro-  
5 motion and was considered for selection for pro-  
6 motion by a selection board convened under section  
7 20211 of this title but was not selected, the Sec-  
8 retary of the Air Force may, under regulations pre-  
9 scribed by the Secretary of Defense, convene a spe-  
10 cial selection board under this subsection to deter-  
11 mine whether the officer or former officer should be  
12 recommended for promotion, if the Secretary must  
13 determine that—

14                       “(A) the action of the selection board that  
15 considered the officer or former officer was con-  
16 trary to law in a matter material to the decision  
17 of the board or involved material error of fact  
18 or material administrative error; or

19                       “(B) the board did not have before it for  
20 its consideration material information.

21               “(2) BOARD COMPOSITION; OATH.—A special  
22 selection board convened under paragraph ((1) shall  
23 be appointed and composed in accordance with sec-  
24 tion 20212 of this title (including the representation  
25 of competitive categories required by that section),

1 and the members of such a board shall take an oath  
2 in the same manner as prescribed in section 14103  
3 of this title.

4 “(3) RECORD CONSIDERED BY BOARD.—The  
5 special selection board shall consider the record of  
6 the officer or former officer as that record, if cor-  
7 rected, would have appeared to the board that con-  
8 sidered the officer or former officer. That record  
9 shall be compared with the records of a sampling of  
10 those officers of the same grade and competitive cat-  
11 egory who were recommended for promotion, and  
12 those officers of the same grade and competitive cat-  
13 egory who were not recommended for promotion, by  
14 that board.

15 “(4) EFFECT.—If a special selection board con-  
16 vened under paragraph (1) does not recommend for  
17 promotion an officer or former officer whose name  
18 was referred to it for consideration, the officer or  
19 former officer incurs no additional failure of selec-  
20 tion for promotion.

21 “(c) REPORT OF BOARD.—Each special selection  
22 board convened under this section shall submit to the Sec-  
23 retary of the Air Force a written report, signed by each  
24 member of the board, containing the name of each officer  
25 or former officer it recommends for promotion and certi-

1 fying that the board has carefully considered the record  
2 of each officer or former officer whose name was referred  
3 to it.

4 “(d) APPLICABLE PROVISIONS.—The provisions of  
5 sections 20215 and 20216 of this title apply to the report  
6 and proceedings of a special selection board convened  
7 under this section in the same manner as they apply to

14 of a recommendation for promotion by a special se-  
15 lection board convened under this section shall, as  
16 soon as practicable, be appointed to the next higher  
17 grade in accordance with the law and policies which  
18 would have been applicable had the officer or former  
19 officer been recommended for promotion by the  
20 board which should have considered or which did  
21 consider the officer or former officer.

22 “(2) STATUS OF PROMOTED OFFICER.—An offi-  
23 cer who is promoted to the next higher grade as the  
24 result of the recommendation of a special selection  
25 board convened under this section shall, upon such

1 promotion, have the same date of rank, the same ef-  
2 fective date for the pay and allowances of that  
3 grade, and the same position on the Space Force of-  
4 ficer list as the officer would have had if the officer  
5 had been recommended for promotion to that grade  
6 by the selection board which should have considered,  
7 or which did consider, the officer.

8 “(3) CORRECTION OF MILITARY RECORD.—If  
9 the report of a special selection board convened  
10 under this section, as approved by the President,  
11 recommends for promotion to the next higher grade  
12 an officer not currently eligible for promotion or a  
13 former officer whose name was referred to it for  
14 consideration, the Secretary of the Air Force may  
15 act under section 1552 of this title to correct the  
16 military record of the officer or former officer to cor-  
17 rect an error or remove an injustice resulting from  
18 not being selected for promotion by the board which  
19 should have considered, or which did consider, the  
20 officer.

21 “(f) PRESCRIBING OF CIRCUMSTANCES FOR CONSID-  
22 ERATION BY BOARD.—The Secretary of Defense may pre-  
23 scribe by regulation—

24 “(1) the circumstances under which consider-  
25 ation by a special selection board is contingent upon

1 application for consideration by an officer or former  
2 officer; and

3 “(2) time limits within which of officer or  
4 former officer must make such application in order  
5 to be considered by a special selection board under  
6 this section.

7 “(g) CONVENING OF BOARDS.—A board convened  
8 under this section—

9 “(1) shall be convened under regulations pre-  
10 scribed by the Secretary of Defense;

11 “(2) shall be composed in accordance with sec-  
12 tion 20212 of this title and regulations prescribed by  
13 the Secretary of the Air Force; and

14 “(3) shall be subject to the provisions of section  
15 613 of this title.

16 “(h) LIMITATION OF OTHER JURISDICTION.—No of-  
17 ficial or court of the United States shall have power or  
18 jurisdiction—

19 “(1) over any claim based in any way on the  
20 failure of an officer or former officer of the armed  
21 forces to be selected for promotion by a selection  
22 board convened under this chapter until—

23 “(A) the claim has been referred to a spe-  
24 cial selection board by the Secretary of the Air  
25 Force and acted upon by that board; or

1           “(B) the claim has been rejected by the  
2           Secretary without consideration by a special se-  
3           lection board; or

4           “(2) to grant any relief on such a claim unless  
5           the officer or former officer has been selected for  
6           promotion by a special selection board convened  
7           under this section to consider the officer or former  
8           officer’s claim.

9           “(i) JUDICIAL REVIEW.—(1) A court of the United  
10          States may review a determination by the Secretary of the  
11          Air Force under subsection (a)(1), (b)(1), or (e)(3) not  
12          to convene a special selection board. If a court finds the  
13          determination to be arbitrary or capricious, not based on  
14          substantial evidence, or otherwise contrary to law, it shall  
15          remand the case to the Secretary, who shall provide for  
16          consideration of the officer or former officer by a special  
17          selection board under this section.

18          “(2) If a court finds that the action of a special selec-  
19          tion board which considers an officer or former officer was  
20          contrary to law or involved material error of fact or mate-  
21          rial administrative error, it shall remand the case to the  
22          Secretary, who shall provide the officer or former officer  
23          reconsideration by a new special selection board.

24          “(j) DESIGNATION OF BOARDS.—The Secretary of  
25          the Air Force may designate a promotion board convened
